To: Interested fire officers

Subject: Course costs.

Wildland Fire Specialists offer the course titled: "**Wildland Fire Evaluations using Fire Signature Prediction Methods.**"

The instructors are Doug and Leanne Campbell. A formal bid will be submitted upon request when details are known. Payment arrangements are to be specified.

The one-day course: Teaching the art of observation of fire scenes. How to describe the scene, to evaluate the forces acting on the fire that will change the behavior and influence the selection of an effective tactical plan. Costs: Teaching fees \$1200.00, CPS textbook and class materials \$40.00/student and \$250.00 for travel and motel expenses for each day.

The 2-day course: Some fire exercises are added to the one-day course to provide students with examples of use of the Signature Prediction System. Teaching fee for two days training is \$2200.00. Student materials and travel expenses are the same as above.

24-hour contract course: Train the trainer course:

Potential trainers for the CPS course should have had the 24-hour course and be nominated by their agency as a fire tactics instructor. The teaching fee is \$3250.00. The graphics package is in a Power Point format. The cost for the graphics is \$250.00 and is furnished on a CD.

The first line of defense is fire behavior prediction.
